Price: \$20.00

This pint glass features Ada, Countess of Lovelace, who authored the first computer algorithm. Born to the poet, Lord Byron, but expelled from his household for her failure to be a boy, her mother ensured she was tutored in math and music to deter any dangerous poetic tendencies. She envisioned using calculating machines to derive more than simple figures, and to be applied in fields beyond mathematics, laying the foundation for today's technological world. This brilliant woman authored the world's first computer algorithm, and is now fondly known as the grandmother of computer programming. 16 oz. Hand wash only.

Heroes Of Science: Albert Einstein Glass

Raise a glass to the man whose name is synonymous with genius. Albert Einstein is most famous for his theory of relativity, and his formula for mass-energy equivalence $E = mc^2$ is known throughout the world by people who have no idea what it means. He won the 1921 Nobel Prize for his discovery of the photoelectric effect, and made significant contributions to the concept of wave-particle duality. He published more than 300 scientific papers, and 150 non-scientific ones. While he is known for his work in theoretical physics, crazy hair, and a great mustache, Einstein was also a great violin player, and said that he got the most joy in life out of music. When it's time to celebrate your favorite physicist, lab partner, or professor, who better to present? Your biggest discoveries always lie ahead. 16 oz. Hand wash only.

Heroes Of Science: Alice Ball Glass

by COGNITIVE SURPLUS

ISBN: 682384957387
Binding: Unknown
Publisher:
Pub. Date:
Pages:
Price: \$20.00

his pint glass features the African American chemist, Alice Ball, known for developing an injectable treatment for leprosy. Chaulmoogra oil had been previously used to treat leprosy, but it provided inconsistent results and was very painful for patients. Ball discovered a water-soluble form of the oil that could be dissolved in the bloodstream. This became the most effective treatment for leprosy until the 1940s when sulfonamide drugs were developed. Even though Ball was the first woman and first African American to receive a masters degree from the University of Hawaii, the first female chemistry professor there, and made significant contributions in her field, some guy tried to take credit for Ball's work after her death. Luckily, however, this man was corrected and we can now say 'cheers' to Alice Ball on February 29th – Alice Ball Day. 16 oz. Hand wash only.

Heroes Of Science: Charles Darwin Glass

by COGNITIVE SURPLUS

ISBN: 682384957400
Binding: Unknown
Publisher:
Pub. Date:
Pages:
Price: \$20.00

This pint glass features the famous naturalist, geologist, and biologist best known for his contributions to the science of evolution. Raise a glass to Charles Darwin! In 1831, Darwin set out on a five-year voyage on the HMS Beagle, keeping careful notes on his observations and speculations, and later publishing them in *The Voyage of the Beagle*. Despite suffering from some serious seasickness, Darwin's journal was a big hit. He then went on to co-author *The Origin of Species* with Alfred Russel Wallace, introducing his theory that all species of life have descended over time from common ancestors. Perfect for collecting specimens from breweries the world over, (naturally) select your favorite beverage, and say 'cheers' to this Hero of Science! 16 oz. Hand wash only.

Heroes Of Science: Florence Nightingale Glass

Publisher:
Pub. Date:
Pages:
Price: \$20.00

Enjoy a cold drink in this pint glass after a long shift at the hospital. This glass features Florence Nightingale, an English social reformer and statistician best known for being the mother of modern nursing. Nightingale did important work improving healthcare for British society, advocating for hunger relief in India, and for female participation in the workforce. She was also a pioneer in the use of infographics, and founded the world's first secular nursing school. In her honor, nurses take the Nightingale Pledge, an oath on ethical standards within the field of nursing. You can say cheers to Nightingale on May 12 – her birthday and International Nurses Day! 16 oz. Hand wash only.

Publisher:
Pub. Date:
Pages:
Price: \$20.00

This pint glass features one of the most influential scientists of all time. Sir Isaac Newton was an English mathematician, astronomer, theologian, author and physicist. We can find so many moments to toast to Newton. We can raise a glass the next time we look at the stars (he built the first practical telescope), enjoy a sunny day (he provided evidence for the heliocentric model of the universe), play a game of pool (he gave us the laws of motion), or the next time we jump in the pool on a hot day (he provided us with the empirical law of cooling). 16 oz. Hand wash only.

The Perfect Nosing Glass is ideal for high percentage strong spirits. It allows a great deal of exchange with the air and lets the spirits breathe; at the same time, it concentrates the aromas without numbing the nose, which must no longer be brought close to the spirit in order to sniff. In contrast to the classic brandy balloon, the long, fine stem allows the glass to be held without the drinking temperature being raised through the warmth of the hand.
