Price: \$35.00

The Recharge rechargeable book light is a workhorse you'll want to keep at hand. With two bright white dimmable LEDs rated for 100,000 hours, its internal battery is fully charged after one hour, providing up to 60 hours of illumination at its lowest setting and 10 hours at its highest. Continuous dimming allows you to select the exact brightness you want, in a range from 2-10 lumens. Its precision engineered optical grade lenses are specifically designed to distribute a wide field of consistent lighting with no hard edges. The precision lenses work in conjunction with High CRI LEDs (High Color Rendering Index LEDs) to provide better color rendering and even light output. Colors appear more vibrant and true, and with minimal optical distortion. With its durable soft-touch silicone gooseneck and strong versatile clip, the Recharge does it all. Micro USB charging cable included. IDEAL FOR: medium sized books, avid readers, users who need constant light. 2-10 LUMENS | 10" x 1" x 1"
