If the Women's Murder Club can't be together this Christmas, a killer is to blame.

As the holidays approach, Detective Lindsay Boxer and her friends in the Women's Murder Club have much to celebrate. Crime is down. The medical examiner's office is quiet. Even the courts are showing some Christmas spirit. And the news cycle is so slow that journalist Cindy Thomas is on assignment to tell a story about the true meaning of the season for San Francisco.

Then a fearsome criminal known only as "Loman" seizes control of the headlines. He is planning a deadly surprise for Christmas morning. And he has commissioned dozens of criminal colleagues to take actions that will mask his plans. All that Lindsay and the SFPD can figure out is that Loman's greed -- for riches, for bloodshed, for attention -- is limitless.

Solving crimes never happens on schedule, but as this criminal mastermind unleashes credible threats by the hour, the month of December is upended for the Women's Murder Club. Avoiding tragedy is the only holiday miracle they seek.

Among this group of wildly impassioned, diametrically opposed zealots lurks a killer, and it will be up to Virgil to sort the murderer from the mere maniacs.

'Tis the season for change and Becky Brandon (née Bloomwood) is embracing it, returning from the States to live in the charming village of Letherby and working with her best friend, Suze, in the gift shop of Suze's stately home. Life is good, especially now that Becky takes time every day for mindfulness . . . which actually means listening to a meditation tape while hunting down online bargains.

But Becky still adores the traditions of Christmas: Her parents host, carols play on repeat, her mother pretends she made the Christmas pudding, and the neighbors come 'round for sherry in their terrible holiday sweaters. Things are looking cheerier than ever, until Becky's parents announce they're moving to ultra-trendy Shoreditch--unable to resist the draw of craft beer and smashed avocados--and ask Becky if she'll host this year. What could possibly go wrong?

Her sister demands a vegan turkey, her husband insists that he just wants aftershave--again, and little Minnie demands a very specific picnic hamper: Surely Becky can manage all this, as well as the surprise appearance of an old-boyfriend-turned-rock-star and his pushy new girlfriend, whose motives are far from clear. But as the countdown to Christmas begins and her big-hearted plans take an unexpected turn toward disaster, Becky starts to wonder if chaos will ensue, or if she'll manage to bring comfort and joy to Christmas after all.

In the small Florida town of Seabrook, a young lawyer named Keith Russo was shot dead at his desk as he worked late one night. The killer left no clues. There were no witnesses, no one with a motive. But the police soon came to suspect Quincy Miller, a young black man who was once a client of Russo's.

Quincy was tried, convicted, and sent to prison for life. For twenty-two years he languished in prison, maintaining his innocence. But no one was listening. He had no lawyer, no advocate on the outside. In desperation, he writes a letter to Guardian Ministries, a small nonprofit run by Cullen Post, a lawyer who is also an Episcopal minister.

Guardian accepts only a few innocence cases at a time. Cullen Post travels the country fighting wrongful convictions and taking on clients forgotten by the system. With Quincy Miller, though, he gets far more than he bargained for. Powerful, ruthless people murdered Keith Russo, and they do not want Quincy Miller exonerated.

They killed one lawyer twenty-two years ago, and they will kill another without a second thought.

The Institute

ISBN: 9781982110567

Binding: Hardback

Publisher: Scribner

Pub. Date: 2019-09-10

Pages: 576

Price: \$27.99

From bestselling author Stephen King, the most riveting and unforgettable story of kids confronting evil since *It*--publishing just as the second part of *It*, the movie, lands in theaters.

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis's parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out."

In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute.

As psychically terrifying as *Firestarter*, and with the spectacular kid power of *It*, *The Institute* is Stephen King's gut-wrenchingly dramatic story of good vs. evil in a world where the good guys don't always win.

Me Elton John Official Autobiography by Elton John

Binding: Hardback

Pub. Date: 2019-10-15

In his first and only official autobiography, music icon Elton John reveals the truth about his extraordinary life, from his rollercoaster lifestyle as shown in the film *Rocketman*, to becoming a living legend.

Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt, and boots with wings. Elton John had arrived and the music world would never be the same again.

His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with Princess Diana and Queen Elizabeth; from friendships with John Lennon, Freddie Mercury, and George Michael to setting up his AIDS Foundation to conquering Broadway with *Aida*, *The Lion King*, and *Billy Elliot the Musical*. All the while Elton was hiding a drug addiction that would grip him for over a decade.

In *Me*, Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble, and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you by a living legend.

Nothing Ventured heralds the start of a brand new series in the style of Jeffrey Archer's bestselling *Clifton Chronicles*: introducing Detective William Warwick. But this is not a detective story, this is a story about the making of a detective . . .

William Warwick has always wanted to be a detective, and decides, much to his father's dismay, that rather than become a lawyer like his father, Sir Julian Warwick QC, and his sister Grace, he will join London's Metropolitan Police Force.

After graduating from university, William begins a career that will define his life: from his early months on the beat under the watchful eye of his first mentor, Constable Fred Yates, to his first high-stakes case as a fledgling detective in Scotland Yard's arts and antiques squad. Investigating the theft of a priceless Rembrandt painting from the Fitzmolean Museum, he meets Beth Rainsford, a research assistant at the gallery who he falls hopelessly in love with, even as Beth guards a secret of her own that she's terrified will come to light.

While William follows the trail of the missing masterpiece, he comes up against suave art collector Miles Faulkner and his brilliant lawyer, Booth Watson QC, who are willing to bend the law to breaking point to stay one step ahead of William. Meanwhile, Miles Faulkner's wife, Christina, befriends William, but whose side is she really on?

This new series introduces William Warwick, a family man and a detective who will battle throughou ...

Authors Preston & Child bring the true story of the ill-fated Donner Party to new life in this thrilling novel of archaeology, history, murder, and suspense.

Nora Kelly, a young curator at the Santa Fe Institute of Archaeology, is approached by historian Clive Benton with a once-in-a-lifetime proposal: to lead a team in search of the so-called "Lost Camp" of the tragic Donner Party. This was a group of pioneers who earned a terrible place in American history when they became snow-bound in the California mountains in 1847, their fate unknown until the first skeletonized survivors stumbled out of the wilderness, raving about starvation, murder-and cannibalism.

Benton tells Kelly he has stumbled upon an amazing find: the long-sought diary of one of the victims, which has an enigmatic description of the Lost Camp. Nora agrees to lead an expedition to locate and excavate it-to reveal its long-buried secrets.

Once in the mountains, however, they learn that discovering the camp is only the first step in a mounting journey of fear. For as they uncover old bones, they expose the real truth of what happened, one that is far more shocking and bizarre than mere cannibalism. And when those ancient horrors lead to present-day violence on a grand scale, rookie FBI agent Corrie Swanson is assigned the case...only to find that her first investigation might very well be her last.

Talking to Strangers

What We Should Know about the People We Don't Know
by Malcolm Gladwell

Pub. Date: 2019-09-10

Malcolm Gladwell, host of the podcast Revisionist History and author of the New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers--and why they often go wrong.

How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to each other that isn't true?

Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland---throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller, *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.
